

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

FOREIGN AND INSULAR.

CUBA.

Quarantine Measures Against Haiti and Dutch West Indies.

By order of the quarantine service of Cuba, dated January 19, 1921, for prevention of the importation of smallpox, vessels from Haiti, carrying passengers, will be admitted only at the stations of Habana and Santiago.

According to information dated January 24, 1921, similar restrictions were made to apply to arrivals from the Dutch West Indies.

ITALY.

Quarantine Restrictions Against Oran, Algeria.

According to information dated January 7, 1921, vessels arriving at Italian ports from Oran, Algeria, are subject to measures against the importation of plague.

JAMAICA.

Infectious Disease (Alastrim or Kaffir Pox).

During the week ended January 13, 1921, 318 new cases of alastrim, or Kaffir pox, were reported in the island of Jamaica.

PERU.

Provisions Relative to Arrivals at Ports.

According to information dated December 14, 1920, an executive decree has been issued and has gone into effect providing that vessels arriving from foreign countries shall be received at any port on the Peruvian coast in which a medical officer of the sanitary service is stationed, without previously stopping at a sanitary station. The ports at which medical sanitary officers are stationed were stated to be Eten, Huacho, Ilo, Mollendo, Paita, Pimentel, Pisco, and Salaverry. Exception was made in the case of vessels bringing Asiatic immigrants, which will be received as formerly in the port of Callao.
